- Performed support, maintenance, and testing tasks for the application's backoffice
- Implemented backend features using Laravel, including a Role-Based Access Control (RBAC) system with Spatie and database migrations

Tecnologies used: Laravel, PHP, TailwindCSS, Bootstrap, JS, JQuery, Ajax, Livewire, AlpineJS, PostgreSQL, Spatie, MariaDB, DBeaver, Figma, DataTables, RESTful API, GitHub, GitLab, Docker, Laragon, Postman, PHPStorm, Azure

FULL-STACK WEB DEVELOPER

Freelance | Remote | Full-time

October 2023 - November 2024

Leiria, Portugal

- Designed, developed, and deployed full-stack web applications:
 - ERP system to streamline the management of multiple condominiums, improving operational efficiency (automatic billing and notices) and data tracking
 - Custom CMS to meet the needs of a web design company, enhancing their ability to manage client projects and content
 - Elegant, responsive website with custom backoffice to showcase an architect portfolio and services
 - Wordpress website to showcase a graphic designer's portfolio and services
 - Jornal de Leiria's website migration to WordPress, collaborating with a web design company
- Led a 3-person team in implementing a new LMS platform for a training company
- Applied Agile methodologies, like Scrum, to fit the specific needs of the project and team
- Prioritized/managed backlogs, ensuring that development efforts were aligned with business goals
- Created user stories to drive development of client-focused solutions for the new LMS platform
- Proactively identified and removed roadblocks for team members to achieve their objectives
- Facilitated clear communication and collaboration within the team and with stakeholders

Tecnologies used: Laravel, PHP, TailwindCSS, Bootstrap, JavaScript, JQuery, Ajax, AlpineJS, MariaDB, MySQL, Spatie, DataTables, Python, WordPress, RESTful API, GitHub, Laragon, Postman, VSCode, Trello, Jira, Confluence

RECOMMENDATION LETTER

To whom it may concern,

I am writing to highly recommend Ana Sobrinho, with whom I had the pleasure of working on several Laravel-based projects at Latitudde.

Throughout our time working together, Ana consistently demonstrated an impressive ability to adapt to new challenges and quickly learn unfamiliar technologies or business contexts. Whether dealing with complex integrations, API optimizations, or frontend adjustments, she always approached each task with professionalism, focus, and a strong problem-solving mindset.

Ana has a natural talent for analyzing problems and finding effective, efficient solutions — often going beyond her immediate responsibilities to ensure that the overall system worked seamlessly. She is dependable, proactive, and always willing to help her teammates when needed, fostering a positive and collaborative work environment.

I have no doubt that Ana will continue to excel in any team or project she joins. Her technical knowledge, adaptability, and commitment to quality make her a valuable asset to any organization.

Please feel free to contact me for any further information.

Best regards,

David Magalhães
